THE OPPOSITION PRIMARY MEETINGS AND THE DELEGATES TO BALTIMORE -It is supposed that Daniel E. Sickles, of the Eighth Ward, has carried a majority of the delegates from the HIId Congression-

Bard is the first choice of the XIVth Ward delegation. Alderman Bard, and Oakley of the gas con. tract notoriety, we understand, were to toss up a copper for the chance to go to Baltimore, as did Ald. Bard and Assistant Ald. Wheelan for the XIVth Ward delegation, but Oakley failing in the IVth Ward, the chances for the honor in this District are decidedly in favor of Peter B. Sweeney of the Vith Ward.

In the Vth District, the contest is very close , Edward C. West, (for Douglass,) it is understood, has carried the VIIth Ward: Stephen H. Feeks (Cass) the XIIIth, and James Murphy (whose friends think he will obtain the District nomination) the Williamsburgh delegates.

John Cochrane of the XVIIth Ward, has the best chance in the VIth District.

Mysterious Case-Suspicion of Foul PLAY - On Wednesday morning about I o'clock, two policemen, accompanied by one or two citizens, rode up to the New-York Hospital, having in their two policemen, accompanied by one or two citizens, rode up to the New-York Hospital, having in their care an unknown man, about thirty years of age, in a state of insensivility, caused by a fracture of the skull. The patient was left at the Hospital, and as the policemen were leaving. Mr. Charles Ward, the gate-keeper, as was his duty, requested them to leave the name of the injured party. This they refused to do nor would they answer any interrogatories relative to themselves, or to the manner in which the injury was inflicted. They then left, and drove off as abruptly as they came. The wounded man was piaced in the care of Dr. Allin, who has used everymeans to restore him to sensibility, but thus far without success. The opinion of the doctor is that the man cannot recover. He yesterday dispatched a note to the Chief of Police, detailing the circumstances above named, relative to the conduct of the policemen. The Chief has notified each Captain of Police to use his endeavors to ascertain the names of the policemen concerned. The fact of their refusing to answer the questions put to them, which it was their duty to answer, is presumptive proof that the injury was inflicted by themselves, or that they have unia wful reasons for wishing to conceal the names of the guilty parties.

Ward's Island.

In your account of the visit of members of the Legislature to Ward's Island, in your paper of yesterday, you state that "Judge Cady, of Brooklyn, the Chairman of the Legislative Committee to examine into the condition of the institution, bore strong. testimony to its admirable management and general good condition." As the report of the Committee has not yet been finally agreed on, nor indeed the testimony upon the subject of its investigation closed, mony upon the subject of its investigation closed, and presuming that I am the person referred to, it seems proper to ask you to correct your report so far as to state that, in the remarks which i made on that occasion, I gave no opinion as to the management or condition of the institution, except as I stated that after visiting the island at various times and hours, often without the p evious knowledge of the commissioners, or their officers or subordinates. I could bear witness that its usual condition was fartly such as it presented that day. As to what were proper sub-jects of reform or modification. I would leave that till the report of the committee should be agreed on. Yours respectfully, Howard C. Carr. Brooklyn, Dec. 24, 1851.
